# New colleague onboarding checklist: first 30 days

Your first month, step by step. There is a separate checklist covering the hiring side of onboarding.

## Day one

- Complete identity verification with the onboarding specialist
- Collect your laptop and badge
- Set up multi-factor authentication
- Complete the Code of Conduct acknowledgement

## Week one

- Enrol in benefits; you have 31 days from your start date
- Add your emergency contact in Workday
- Confirm your work location of record is correct
- Meet your onboarding buddy

## Weeks two and three

- Finish required compliance training
- Draft your first set of goals with your manager
- Review the policies that apply to your role in Policy Hub

## Day 30

- Thirty-day check-in with your manager
- Confirm your goals are approved in Workday
- Complete the new colleague experience survey

> Benefits enrolment is the one deadline that cannot be extended. If you miss the 31-day window you wait until the next open enrolment or a qualifying life event.
