Colorado Paid Sick Leave Supplement

Policy No. HR-204-CO. Supplement to the Nationwide Paid Sick Leave Policy, HR-204. Applies to colleagues whose work location of record is in Colorado.

Standard Accrual

Colorado colleagues accrue and use paid sick leave on the nationwide schedule: one hour per thirty hours worked, up to fifty-six hours of use per calendar year.

Public Health Emergency Supplement

When a federal, state, or local public health emergency is declared, Meridian provides a one-time supplemental grant of forty-eight (48) hours to each Colorado colleague. The supplemental grant:

- is in addition to the fifty-six hour annual maximum;
- may be used for emergency-related reasons including self-isolation, caring for a family member, and loss of child care caused by the emergency;
- expires four (4) weeks after the declared emergency ends; and
- is granted once per declared emergency, not once per calendar year.

Documentation

Documentation may not be requested for an absence of four or fewer consecutive workdays. During a declared public health emergency, documentation may not be requested at all.
