Maine Earned Paid Leave Supplement

Policy No. HR-204-ME. Supplement to the Nationwide Paid Sick Leave Policy, HR-204. Applies to colleagues whose work location of record is in Maine.

Use for Any Reason

Maine is different from every other location in this policy family. Colleagues working in Maine may use the first twenty-four (24) hours of accrued leave in a calendar year for any reason at all, including vacation, a personal errand, or a family event. The reason does not have to fall within the permitted uses listed in Section 6 of HR-204.

Once the first twenty-four hours have been used, the remainder of the colleague's accrued balance may be used only for the paid sick leave purposes described in Section 6 of HR-204.

Hours used in the calendar year	Permitted reasons
First 24 hours	Any reason, including vacation and personal time
Hours 25 and above	Section 6 purposes only

Notice

For leave that is not an emergency, give your manager four (4) weeks of notice. Meridian may deny a non-emergency request that would cause an undue hardship, but may not deny leave taken for an emergency, illness, or sudden necessity.

Accrual and Carryover

Accrual follows the nationwide rate of one hour for every thirty hours worked. The nationwide forty (40) hour carryover cap applies without change in Maine.

> If a Maine colleague asks whether leave can be used for vacation, the answer is yes for the first 24 hours. The nationwide policy alone would give the wrong answer.

Fictional sample content created for a search demo. Not a real policy.
