New York Paid Sick Leave Supplement

Policy No. HR-204-NY. Supplement to the Nationwide Paid Sick Leave Policy, HR-204. Applies to colleagues whose work location of record is in New York State.

Entitlement

New York colleagues may use up to fifty-six (56) hours of paid sick leave in a calendar year. Accrual follows the nationwide rate of one hour for every thirty hours worked. Leave is available for use as it is accrued, with no waiting period.

Documentation

Meridian does not require medical documentation for an absence of fewer than three consecutive workdays. For a longer absence, the Absence Management team may request an attestation of eligibility. A manager may not request documentation directly and may not require a colleague to disclose the nature of an illness as a condition of leave.

No Replacement Worker

A colleague may not be required to find a replacement worker as a condition of using paid sick leave. Coverage is a management responsibility.

New York City

Colleagues working in the five boroughs are additionally covered by the New York City Earned Safe and Sick Time Act. Safe time may be used for any purpose permitted by that act, including relocating for safety and attending legal proceedings. Once per calendar year a colleague may designate any individual whose close association is the equivalent of a family relationship as a covered family member.

Payout

Accrued and unused paid sick leave is not paid out at separation in New York.
