Manager quick card: approving time away

One page. Keep it open during approval week.

Approve or escalate

Request	Your call	Route instead
PTO for vacation	Approve or decline on coverage	-
Paid sick leave	Approve	Never decline for coverage
More than 5 consecutive days	-	Absence Management
Request tied to an accommodation	-	Absence Management
Pattern you find concerning	-	Employee Relations before acting

Three things to remember

1. You may decline PTO for coverage. You may not decline paid sick leave for coverage.
2. You never need to know why a colleague is sick, and you should not ask.
3. Record only the dates and the approval. Nothing about the reason.

Where to look things up

- Entitlement amounts: HR-204 for PTO-ineligible colleagues, HR-210 for Flexible PTO
- State differences: the supplement for that state in Policy Hub
- Balances: Workday, Absence, Absence Balance
