HR quick answers

Short answers to the questions HR hears most often. Most of these are not covered by a policy document, so the answer lives here.

Systems and access

Q. How do I reset my Workday password?

A. Use the Forgot Password link on the Workday sign-in page. If you are locked out after three attempts, contact the Technology Service Desk, not HR.

Q. Who do I contact about a payslip error?

A. Open a Payroll case in People Central and attach the payslip period. Payroll responds within two business days.

Q. How do I update my home address?

A. Workday, Personal Information, Contact. If you are moving to another state, also tell HR before the move so benefits and tax withholding stay correct.

Time away

Q. How many sick days do I have left?

A. HR cannot look up an individual balance from here. Check Workday, Absence, Absence Balance. The Available column is the number to use.

Q. Can I take paid sick leave for a dentist appointment?

A. Yes. Routine preventive care is a permitted use under the Nationwide Paid Sick Leave Policy.

Q. Do I need a doctor's note for one sick day?

A. No. Documentation may be requested only after more than three consecutive scheduled workdays, and in some states only after four.

Employment verification

Q. I need proof of employment for a mortgage.

A. Use the automated verification service linked in People Central. HR does not issue letters for routine verifications.

Q. A former employer is asking for a reference.

A. Meridian confirms dates of employment and job title only. Direct the request to the verification service.

> These answers are general. For your own balance, entitlement, or case status, check Workday or open a case in People Central.
